

This document is designed to get you started with the iBX440 digital signage player. A [tutorial video](#) is also available to guide you through the installation of your player.

Watch Video

A. CONNECT YOUR PLAYER TO THE SCREENS

The iBX440 supports HDMI 2.0 across 4 ports, allowing you to connect to multiple displays to form a video wall.

STEP 1:

Connect HDMI cables (not included) from the HDMI ports of the player to your screens.

STEP 2:

Ensure all screens are switched on.

B. CONNECT YOUR PLAYER TO THE NETWORK

To connect your player to the network, you need an Ethernet cable (not included).

STEP 1:

Connect one end of the Ethernet cable to the Ethernet port of your player.

STEP 2:

Connect the other end of the Ethernet cable to the network.

C. CONNECT TO POWER

The player is powered by its power delivery unit.

STEP 1:

Connect the lockable power connector to the power port.

STEP 2:

Connect the detachable cable to the PDU, then plug it into a power outlet.

STEP 3:

Press the power button on the player.

STEP 4:

Switch on the displays.

Wait for the LED indicator to light up and the welcome screen to appear.

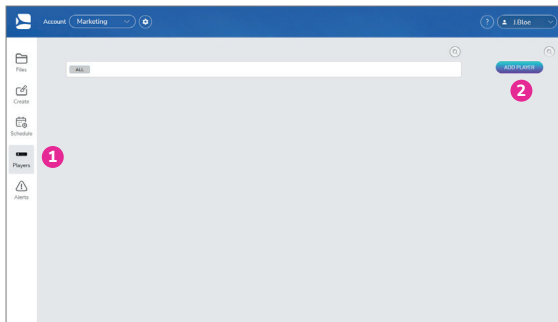

D. SET UP YOUR PLAYER IN SPINETIX ARYA

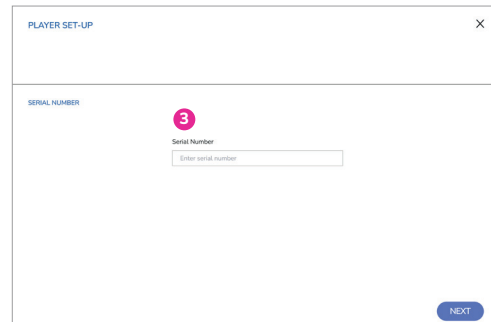

Go to arya.spinetix.cloud/setup and create your Spinetix ARYA account or sign in if you already have one.

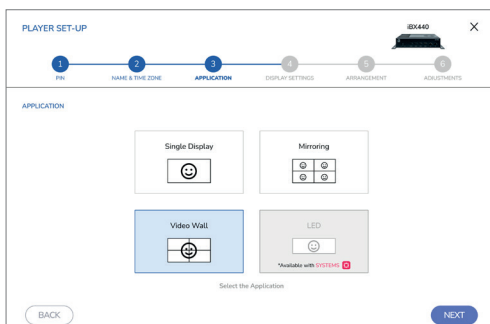

Note: A Spinetix ARYA Premium or Enterprise plan is required for video wall setup.

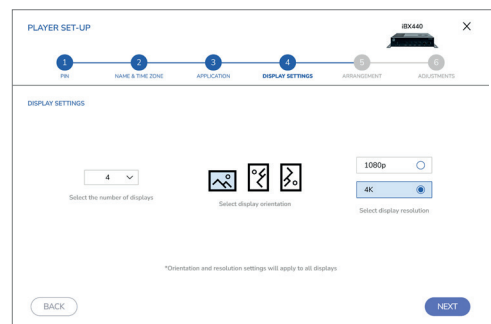

- STEP 1:** Go to «Players».
- STEP 2:** Click on «ADD PLAYER».
- STEP 3:** Enter the serial number of your player.

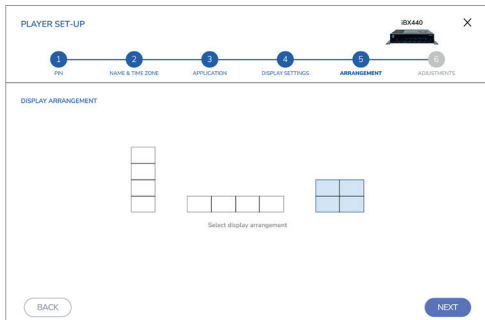

- STEP 4:** Enter the PIN number displayed on the screen.
- STEP 5:** Name your player.
- STEP 6:** Choose your time zone.

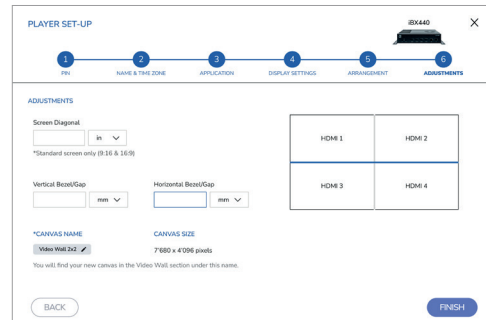

STEP 7: Select your application.

STEP 8: Select your display resolution and orientation.

STEP 9: Select your display arrangement.

STEP 10: Choose the screen diagonal, vertical bezel/gap, horizontal bezel/gap.

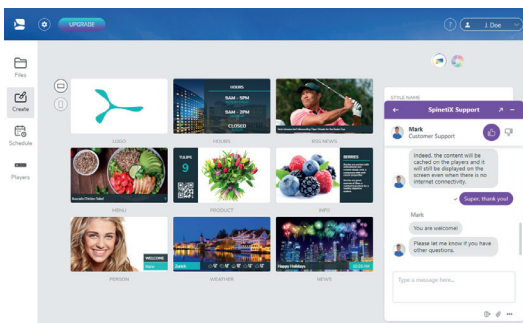

STEP 11: Name your canvas.

STEP 12: Click « FINISH ».

Wait for the player to reboot.

You can now start using your iBX440 player with SpinetiX ARYA.

The live chat within SpinetiX ARYA's platform and on the SpinetiX Support Wiki is available to you almost around the clock if you need further assistance.
