

SPINETIX

# Thank you for choosing DiVA

Follow these easy steps to get started

## Step 1: Connect Screen

You need a screen with an HDMI port and an HDMI cable (not included).

- 1 Connect one end of the HDMI cable to the HDMI port of your DiVA.
- 2 Connect the other end of the HDMI cable to the HDMI port of the display device.

## Step 2: Connect Network

You need an Ethernet cable (not included).

- 1 Connect one end of the Ethernet cable into the Ethernet port of your DiVA.
- 2 Connect the other end of the Ethernet cable to the Ethernet port of a LAN-Switch or computer.

## Step 3: Connect Power

DiVA comes with a Power Supply Unit (PSU) and a line power cable.

- 1 Connect the DC power cable attached to the PSU to the DC input port of your DiVA.
- 2 Connect the line power cable to the PSU.
- 3 Connect the other end of the line power cable into a power outlet.
- 4 Switch on the display device and the LAN-Switch or computer.

## Step 4: Setup DiVA

To set up your DiVA, follow the on-screen instructions.

- 1 Push the blue button of your DiVA.
- 2 Type the IP address shown on your screen in your browser's address bar.
- 3 Follow the instructions to complete the setup.
- 4 Once you complete the setup, your DiVA will restart.

## **Templates and Apps**
